

ALAMEDA PHOTOGRAPHIC SOCIETY

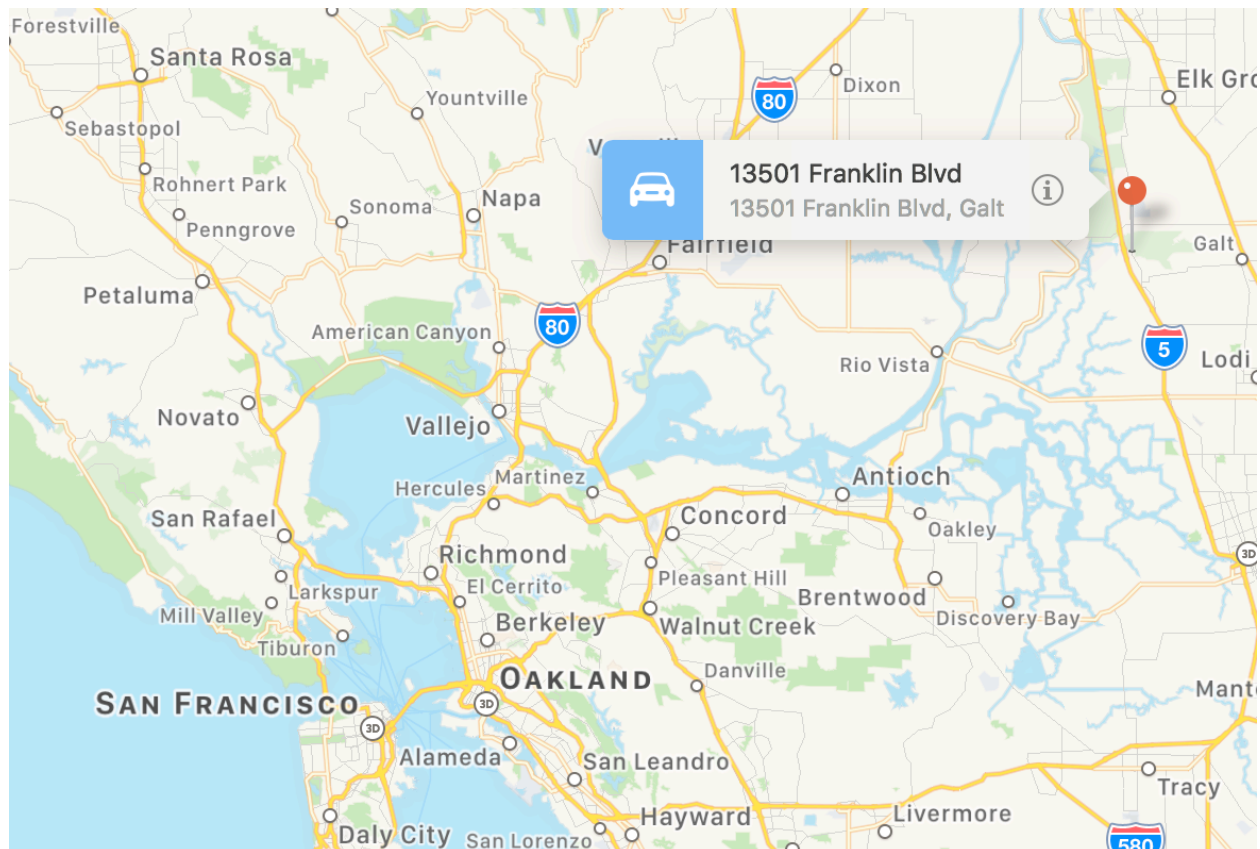

Field Trip Series

Cosumnes River Preserve *Saturday, October 21, 2017 @ 8 AM*

The preserve is home to more than 250 bird species, more than 40 fish species, and some 400+ plant species have been verified. Keep an eye out for Greater and Lesser Sandhill Cranes, Northern Pintail, Swainson's Hawks, and Black-necked Stilts. Within the preserve you can see for yourself the rich variety of American wildlife.
